

Session 13.

Sector Mini-Sessions

(1:35)

Format

Briefings

Part A: Introduction

Part B: Monitoring in hard-to-access locations

Part C: Best practice and compliance for investment promotion

Part D: Construction

Summary

Through a series of short briefings, the training team will introduce a set of sector-specific new developments and current issues in the area of ESDM and environmental compliance. These introductory briefings will serve as a prelude to engaged Q&A sessions for participants on the topic of their choice.
