IEE Amendment (Y/N): N

Environmental Action Recommended:

Categorical Exclusion: Deferral:
 Positive Determination: Neg. Deter. with Conditions:
 Exemption:

1. BACKGROUND AND ACTIVITY DESCRIPTION

Purpose and Scope of IEE

The purpose of this document, in accordance with Title 22, Code of Federal Regulations, Part 216 (22 CFR 216), is to provide documentation of a preliminary review of the reasonably foreseeable effects on the environment, as well as recommended Threshold Decisions, for the activities detailed below. This document provides a statement of the factual basis for a Threshold Decision as to whether an Environmental Assessment or an Environmental Impact Statement is required for the activities managed under the scope of this document. Some implementing mechanisms are recommended for **Categorical Exclusion** and others are recommended **Categorical Exclusion** and **Negative Determination with Conditions**.

This IEE addresses all activities under the USAID/Cambodia Office of Public Health and Education (OPHE) portfolio, applying to all health sector activities implemented under Cambodia’s Health Program Design FY 2013 – 2018 Project Appraisal Document (PAD), as amended July 2013, and the OPHE HIV/AIDS Activity Approval Document FY2013 – 2017 (AAD), approved in January 2012, and the USAID/Cambodia Country Development Cooperation Strategy (CDCS), approved in May, 2014. The OPHE portfolio of activities is also reflected in the Development Objective Grant Agreement between the United States of America and the Royal Government of Cambodia for the Development Objective of Improved Health Status of Vulnerable Population.
