5. ACCESSING GEMS SERVICES

Bureau Environmental Officers (BEOs) from participating Bureaus serve as Activity Managers for GEMS activities within their region/sector. In this capacity, they are “gatekeepers” for the GEMS work plan, in consultation with the COTR.

Operating units interested in accessing GEMS services, whether funded by the participating Bureaus or with their own buy-in funds, should first contact the relevant BEO/Activity Manager. See contact list at right.

The Activity Manager will work with the requesting operating unit and the prime contractor to reach an agreed scope of work, staffing, scheduling and budget.

6. PRICING

GEMS II is a time and materials (T&M) contract. Categorical, fully burdened T&M labor rates are set by the award based on Cadmus’ and Cloudburst’s GSA price schedules. Travel, logistics and materials costs are treated on a reimbursable basis. Please request the GEMS II pricing and ordering guide for more information.
