

Basic EMMP Template

(To use, fill in text in **green highlight**. Delete explanatory comments in **yellow highlight**.)

EMMP for Project **XXX**

Person Responsible for Overseeing EMMP:

[name, contact information]

Activity I: [name of activity] [briefly describe activity & summarize potential adverse environmental impacts—from IEE]			
IEE or EA Condition <small>(reproduced from the IEE or EA)</small>	Mitigation <small>Specific actions to be taken to comply with the condition. (if an IEE or EA condition is already specific to the project/ activity and implementation actions self-evident, this “translation step” can be omitted) A single IEE/EA condition may require multiple action to implement—add rows as necessary</small>	Monitoring <small>How will the project verify that the mitigation action is being implemented and is both effective and sufficient?</small>	Timing and Responsible Parties <small>Who is responsible for mitigation, monitoring, reporting? Timing/frequency of these actions</small>

[add rows for additional conditions]

[repeat table for additional activities]
