

# **Session 8.**

## **Introduction to the USAID Sector Environmental Guidelines (SEGs) and Related Resources**

*Brief presentation + demonstration*

### **Summary**

This session will familiarize participants with the ESDM and environmental compliance resources available primarily through the GEMS project Web site: [www.usaidgems.org](http://www.usaidgems.org)

These resources include:

- The *Sector Environmental Guidelines*
- Visual Field Guides (VFGs)
- Training Materials
- MEO Resources
- Other sector-specific resources

The session also summarizes the environmental compliance and ESDM support services available to Missions and implementing partners via USAID's GEMS program.

### **Objective**

Review the key ESDM and environmental compliance resources introduced during the workshop.

### **Key Resources**

- As referenced above
- GEMS Factsheet
